

SHOW GOAT FEEDS

QUICK REFERENCE GUIDE

MoorMan's® ShowTec® . . .

HELPING OUR EXHIBITORS GAIN THE COMPETITIVE EDGE THROUGH SUPERIOR FEED TECHNOLOGY.

ADM Alliance Nutrition® is the market leader in producing quality show products, which can help show goats dominate in the show ring. Our many Grand Champions know feeding MoorMan's ShowTec products gave their show animals an advantage over the competition.

Championship performance through feed technology is the signature of MoorMan's ShowTec goat feeds. The proven ShowTec feeding program uses the latest feed technology to provide the correct balance of protein, vitamins, and trace minerals to help your show goats reach their peak genetic and presentation potential.

MoorMan's ShowTec Dynamo™ Goat DC 80996MPS (DC) or 80996CAU (RU)

Features

- Designed for weaned goats weighing at least 40 lb
- Provides 16% crude protein, 2.5% fat, 17.5% fiber, and 25-35 ppm copper
- Highly palatable with optimal levels of protein and energy
- Properly fortified with vitamins and minerals for optimal growth and includes complexed cobalt, copper, manganese, and zinc
- Contains CitriStim®, Prospan® yeast, and a direct fed microbial
- Fortified with ammonium chloride
- Medicated with decoquinate (Deccox®) at 7.6 mg/lb or monensin (Rumensin®) at 10 mg/lb
- Mini-pellet form for more efficient feeding and better feed intake

Feed Dynamo Goat DC at the rate of 3 lb per 100 lb body weight daily. To complete the feeding phase and achieve the desired amount of cover, or to compensate for stress during any period of the feeding program, top-dress with 8-16 oz of Fast Fat per 100 lb of body weight per head daily. Goats should be fed a minimum of 2 oz #1 Mineral Supplement daily or 2 oz per 100 lb of body weight per head daily.

Do not feed Dynamo Goat DC to goats producing milk for food.

**Not trademarks of ADM.*

MoorMan's ShowTec Elite Goat DC 80941MPS

Features

- Provides 17% crude protein, 3.5% fat, 13% fiber, and 20-40 ppm copper
- Newest cold pelleting feed technology for optimal growth and feed intake
- Highly palatable with optimal levels of protein and energy
- Properly fortified with vitamins and trace minerals for optimal growth and includes complexed zinc
- Contains Prospan yeast, rice bran, and octacosanol (from wheat germ)
- Fortified with ammonium chloride
- Medicated with decoquinate (Deccox) at 7.6 mg/lb; minimum three-ton orders; also available with monensin (Rumensin®)
- Pelleted for more efficient feeding

Feed Elite Goat DC at the rate of 3 lb per 100 lb body weight daily. To complete the feeding phase and achieve the desired amount of cover, or to compensate for stress during any period of the feeding program, top-dress with 8-16 oz of Fast Fat per 100 lb of body weight per head daily. Goats should be fed a minimum of 2 oz #1 Mineral Supplement daily or 2 oz per 100 lb of body weight per head daily.

Do not feed Elite Goat DC to goats producing milk for food.

Refer to product labels for complete feeding directions and warning/caution statements.

Consumption of Show Goat products by sheep may result in copper toxicity.

MoorMan's ShowTec Goat Sale Prep DC 81072AZN

Features

- Nutritionally balanced show goat creep feed for feeding from one week of age to weaning (or to 45 lb)
- Provides 18% crude protein, 5% fat, and 15% fiber
- Contains CitriStim, Prospense yeast, direct fed microbial, stabilized rice bran, and natural-source vitamin E
- Feed 3.33 lb per 100 lb body weight daily
- Available in mini-pellet form in 50 bag (81072AZNE4)

MoorMan's ShowTec Fast Fat 11156

A conditioning supplement for goats, lambs, and calves. Fast Fat can be fed during any phase of the feeding period to achieve desired body condition. Fast Fat is designed to put a smooth finish on livestock and supply energy to the diet of animals being hauled and shown.

Features

- Provides 10% crude protein and 5% fat
- A conditioning supplement formulated for goats, lambs, and calves being fitted for show
- Properly fortified with vitamins and trace minerals for optimal growth and condition
- Feed as a top-dress; available in mini-pellet form in 50 lb bag (11156AE); non-medicated

Top-dress rations for thin or stressed livestock with Fast Fat at a rate of 8-16 oz per 100 lb of body weight per head daily.

NOTE: Base ration volume figured for goat at 3% of body weight.

MoorMan's ShowTec FIRE EXTINGUISHER™ R 81480AAA

Unique top-dress supplement in mini-pellet form.

Features

- Provides 14.5% crude protein, 3.5% fat, and 16% fiber
 - Provides research-proven Thermal Care™ R which may help ruminants overcome the negative effects of heat stress
 - Provides CitriStim, an ADM proprietary feed ingredient
 - Provides a direct fed microbial and ammonium chloride
 - Contains complexed (organic) zinc and cobalt
 - Contains thiamine, B-complex vitamins, vitamins A, D and natural-source E
 - Available in mini-pellet form in 25 lb pail and 50 lb bag
- Feed 1.5 oz per 50 lb body weight to show goats when heat stress may be a challenge.

Refer to product labels for complete feeding directions and warning/caution statements.

MoorMan's ShowTec #1 Mineral Supplement 11159

A protein fortified mineral supplement for all species of ruminant show livestock.

Features

- Provides 25% crude protein and 1.5% fat
- Properly fortified with vitamins, protein, and trace minerals for optimal growth
- Highly palatable with optimal levels of multiple protein sources
- Contains Prospense yeast supplement
- Available in processed meal form in 50 lb bag (11159AA); non-medicated

#1 Mineral Supplement should be fed during the entire feeding period to provide essential vitamins and minerals for maintenance and growth.

#1 Mineral Supplement will elevate dietary protein levels when added to ShowTec base rations.

Top-dress rations for goats with #1 Mineral Supplement at a rate of 2 oz per 100 lb of body weight per head daily with a minimum consumption of 2 oz per head daily.

FAST FUEL™

11850AAA Accelerating Power to Win™
